Q&A

The counter assistant told me to use my serum before my face cream – why?

"Any serum is usually a lighter texture than your face cream, so if you apply it first, it can penetrate better into your skin, and the ingredients it contains will be more effective.

Plus, most serums help prepare your skin and optimise the effectiveness of any cream you apply afterwards."

– Marie-Helene Lair, Director of Scientific Communications at Chanel.

Collagen In a Jar

Think collagen for your face, and needles usually come to mind. But COLLIN Paris Native Collagen Gel (50 ml), \$118, is a super refreshing anti-ageing product that promises to intensively hydrate and plump up your skin with collagen – without the pain! You can indulge in more skin goodness with Amore Living's anti-ageing Hydro-Lifting Facial Treatment (\$160 for 90 mins). At Amore Living, #05-18 Tampines 1, Tel: 6784 1822.
